

Watching Man

Alert and tracking system for boats

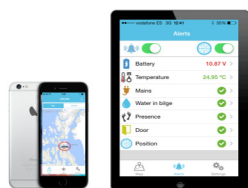

- Security and geo-location system
- Monitor your boat wherever you are

Easy to install

Wireless Sensors

Web or APP monitoring

- Security and geolocation system to control your boat from any computer, smartphone or tablet.
- System features:

- APP:** Mobile or web monitoring from smartphone or PC.
- GPS:** Tracks the boat's position and saves up to one month of sailing routes.
- TRACKING MEMORY:** Routes will be saved even if the boat is out of GSM coverage.
- GEOFENCE:** An alert pops up when boat moves from a preset range (20-185m).
- BATTERY:** An alert pops up when the battery level drops.
- SHORE POWER:** An alert pops up when disconnected from shore power.
- WATER:** An alert pops up when there is water in the bilge.
- PIR:** An alert pops up when it detects someone on the boat.
- TEMPERATURE:** An alert pops up when the temperature settings change. Possibility to connect two temperature sensors.
- DOOR/WINDOW:** An alert pops up when the door/window is opened.

- Two versions:
